Yanco Public School Little Learners

ENROLMENT POLICY

Yanco Public School is running *Little Learners*, a free, year-long transition program for 3 – 5 year olds. The program's vision is for all children to experience play-based learning that is engaging, provides a positive transition experience into school and builds success for life.

The *Little Learners* program aims to ensure that children receive a high quality experience and will provide them with the skills to succeed at school. It is designed to help familiarise both parent/carer and child with the school environment so that future enrolments are both confident and happy at our school. The opportunity also enables potential new students and parents to develop positive relationships with members of the school community.

Yanco Public School's *Little Learners* program is aimed at children from 3 to 5 years of age in the year before they will commence their formal education in Kindergarten. Each session will run from 9.30 am-12.00 pm every Friday, from Week 5 of Term 2 to Week 5 of Term 4.

Children will be in the care of an experienced teacher, with the support of a School Learning Support Officer. The adult to child ratio will be 1:10.

All applications for enrolments must be received by the front office by the Monday of the week *Little Learners* commences. Students will then be offered a placement using the criteria below. Placements will be confirmed by telephone call from the school the following day (Tuesday).

Priority for enrolment will be as follows;

1. Local children who intend to enroll at Yanco Public School the year after the transition program.
2. Local children who intend to enroll at Yanco Public School the second year after the transition program.
3. Out of zone children who will commence at Yanco Public School after the transition program.
4. Out of zone children who will commence at a public school within the Leeton Community of Public Schools after the transition program.
5. Out of zone children who will commence at a catholic or independent school the year after the transition program.

NOTE: Enrolment of Students in Government Schools

Children may enroll in Kindergarten at the beginning of the school year if they turn five years of age on or before 31 July in that year. Documentation providing proof of age, such as a birth certificate or passport, is required on enrolment. The enrolment of eligible children in the Kindergarten year is to commence within the first week of the school year.
