# Weekly Awards

CONGRATULATIONS TO OUR MERIT AND TOKEN  
RECIPIENTS FOR WEEK 8

Dear families,

Welcome to Spring, this week is SASS Appreciation Week. This is the week where we get to say thank you to our support staff for all the hard work they do in helping each member of the school community thrive. On Tuesday we held a lunch and presented them each with a small token of appreciation. I would like to personally say 'Thank You' to each and every member of our team for going above and beyond when working with our children.

Last Friday we had our first transition to school program. It was lovely to see all our preschoolers as they played detective and went searching for the Green Sheep. If you know of any families living near you who have not yet enrolled for next year, please let them know our transition to school program has now started and we would love to see them.

NAPLAN results have now all been sent home, we have a copy if they have been misplaced on the journey. If you wish to discuss this report please make a time to do so. Year 6 are going to be doing their Check-In Assessment over the next week. The information from these will be sent to the high schools as part of the transition to school program.

The weather is warming up and we need everyone to look under their beds and in the backs of the cupboards for their school hats. They will be needed for our whole school excursion in week 10 and we will be requiring all students to have a hat to play in the sun in Term 4. If you need a new one, they can be purchased from school for \$12.

As you have noticed the roofing is almost completed. Weather dependent we should have the scaffolding down in the next couple of weeks and our playground back.

Mrs Taylor

## swop it Quick everyday lunchboxes

It doesn't take a lot of time to pack an everyday lunchbox.

To save time, try:

- Packing the lunchbox the night before
- Using leftovers from dinner in the lunchbox
- Packing whole fruit and vegetables, such as apples, bananas, cherry tomatoes or baby cucumbers

Good for kids  
good for life

## Nutrition Snippet

### WHAT A WASTE.

Did you know that the average household throws out 1 in 5 bags of groceries they buy?

Save money and help the planet by reducing your food waste.

For ideas on how to reduce waste check out our blog at [healthylunchbox.com.au/5-easy-tips-to-reduce-food-waste/](http://healthylunchbox.com.au/5-easy-tips-to-reduce-food-waste/)

# K.1.2 Classroom News

K.1.2 have been working on publishing their writing after we completed our research on peacocks.

My Facts about peacocks 23.8.22  
Peacocks are colorful and their tail  
shimmers in the light.  
they look their best at five or six years old.  
they live up to twenty years.  
A baby peacock is called a peachick.  
A girl peacock is called a peahen and also  
I can buy mother  
Nest they live in?  
XX you can find peacocks at in Australia  
I find a peacock at the park but worry

Peacock Facts 23.8.22  
Peacocks look very pretty  
and have some peacocks  
are very big birds and peacocks  
I see a group of red peacocks  
how many peacocks do you see?  
Predators with their teeth  
peacocks + they eat plants and  
insects and seeds

Ethan  
Peacock Facts  
Peacocks are high design  
and they live up to twenty  
years. Peacocks are fast. They  
don't help to grow off  
Predators like cats, rat  
lives a peacock and insects.  
Peacocks hatch from eggs

Flynn Salerno

Facts I know about peacocks  
peacocks can live up to twenty years. When  
peacocks are hunted by predators they flap  
their feathers that look like eyes and scare them  
away. The males are prettier than the females.  
peacocks are faster than painters. When they  
have been seen they lose their feathers fall in  
in water and they lose their colour. if you have  
a friend that has some can ask them to  
give to me.

Please encourage your child to read as many nights as possible to improve their knowledge and comprehension. Reading can be logged on the Kluwell reading app.

The story of Vegemite by Harriet  
Vegemite was invented in 1922 by the Fred Walker Company, later known as the Kraft Food Company. It is made from leftover brewers yeast extract, vegetables and spice additives. A rich source of Vitamin B, it was sent to keep our soldiers healthy during the second WW. It was so popular they had to ration it out. Twenty two million jars are sold each year! Putting a rose in lots of cheeks!!

STAGE ½  
What Great  
Writing you have!

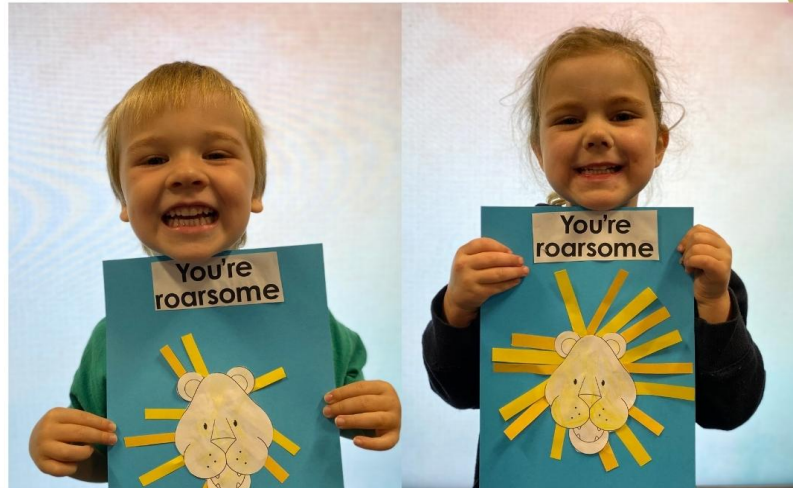

Blossom lived in a cottage in the Forest, that had a brick wall around it, so Blossom couldn't get out. On one sunny morning, Blossom was playing in her backyard and saw something in the sky. The thing was too big to be a bird, so it had to be a... DRAGON! because it had large golden scales and two gigantic blue eyes.

## Stage 2/3 News

Last Thursday, we cooked fritters and french toast! We also had an impromptu lesson in electricity and what happens when you overload the switch board. We problem solved, separated our frying pans onto different circuits (power boards) and successfully completed our cooking lesson!

# Happy Father's Day from the YPS Little Learners

I chop the wood with my dad and I pick it up. - Jessie

I have a bonfire with dad. - Noah

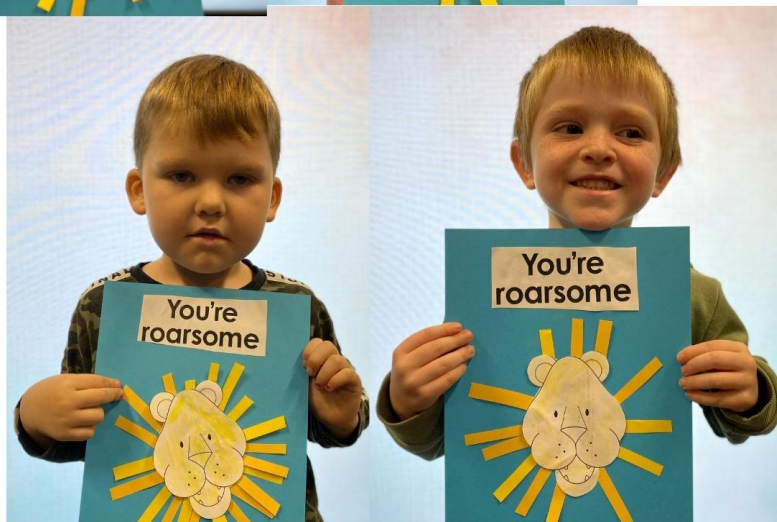

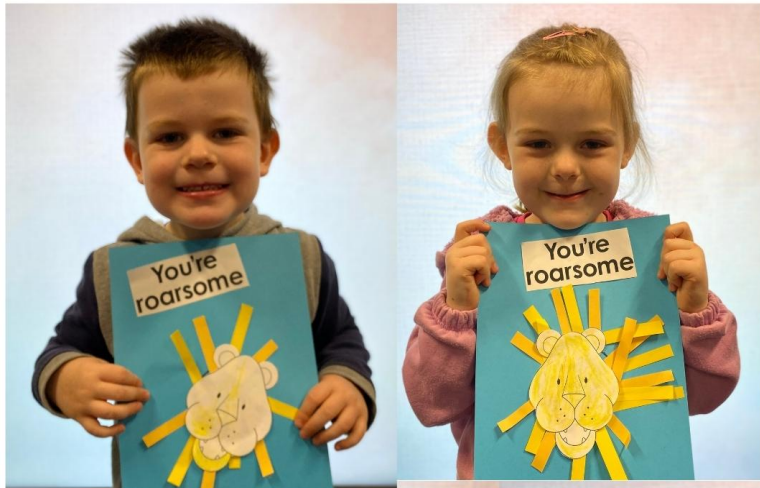

Dad gets on the horse and rides it. - James

Dad takes me to shoot foxes. - Rudy.

I help dad do lots of stuff. - Spencer

# Happy Father's Day from the YPS Little Learners
